

Title: DDCMP Framer

Id: 1/4

Date: 2021-05-17

Rev: A

Note:

1. This entire page (the integral modem feature) is optional and may be left unpopulated if the feature is not needed.
2. Recommended part for TR1, TR2 is Mini-Circuits TT1-6-X65+. See doc/kicad.md for a discussion of alternative parts.

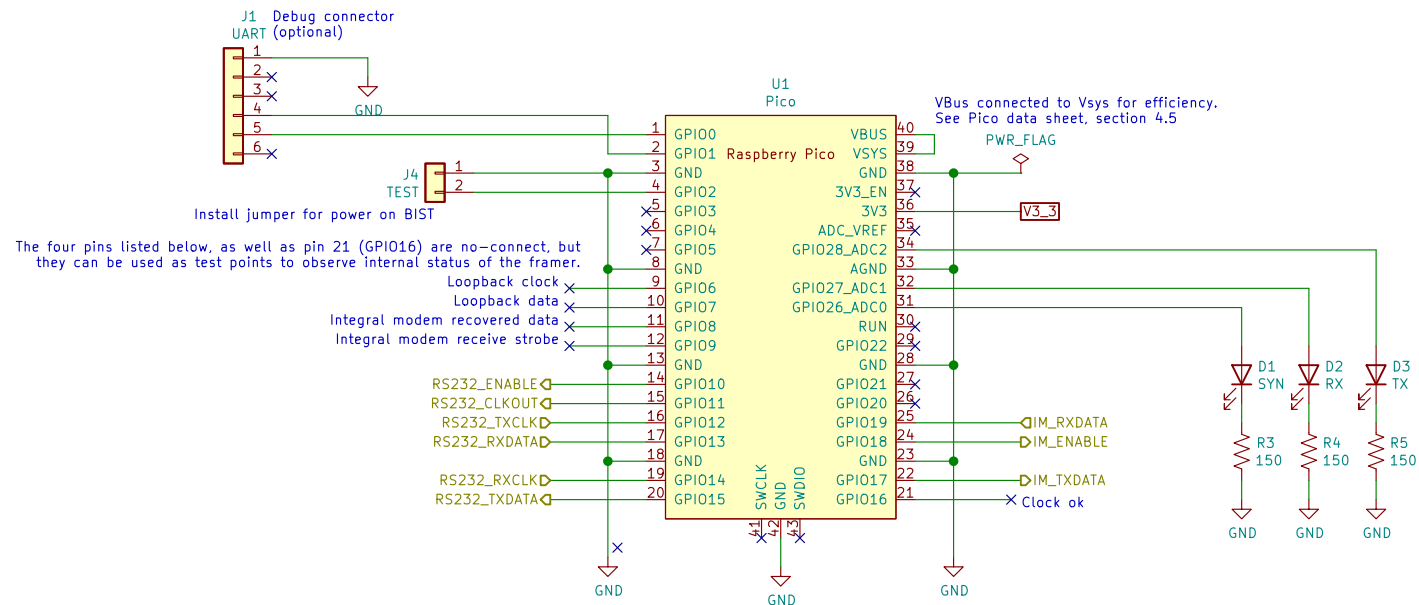

Title: DDCMP Framing

Id: 2/4

Date: 2021-05-17

Rev: A

Note:

1. J1 can be omitted if the debug UART is not needed.
2. J4 can be omitted if power on BIST is not needed.
3. D1, D2, and/or D3 and R3, R4, and/or R5 can be omitted if the corresponding indicator is not needed.
